

Dear David + John, thank you

We just cannot thank you both enough for making our wedding absolutely magical. Of course we knew that the music would be amazing, but even though we'd listened to the C.D. millions of times, even we were not prepared for how amazing it sounded live! It was easily the most beautiful music anyone there had ever heard (as everyone kept telling me!) and even my dad, who was slightly dubious at the start, said that even if there had been no flowers, no lovely service sheets etc, it would

662

still have been incredible because of your music! We would definitely say to anyone getting married that if they're going to spend money on anything - make sure it's the music!

David also managed the crazy vicar very well - thank you so much!! As soon as I knew you were there, I felt confident that nothing would go horribly wrong + considering that it was quite an unusual schedule, it was pretty perfect! Thank you both for being so helpful with choosing the music + the order of service + for making our special day truly beautiful! Hope you're both well.

Best wishes, Katie + Graham Clark.
