**Subject:** A very belated thanks!

Hi Guys,

First of all, please accept a huge apology from myself and my wife Catherine for this extremely belated thank you!

We got married on June 28<sup>th</sup> at Heythrop Park, Oxfordshire.

You guys provided us with The Duchesse and Dukes for the evening's entertainment and we wanted to say thank you so much to you and the band for making it such a great evening, everyone said how great the band was – the music was exactly the sort of thing we were looking for.

I must also thank the band for being very easy going – we had to delay everything by an hour or so but they had no problem with anything, even when one of our guests asked if he could sing a song, they were more than accommodating, thankfully the guest could actually sing! I hope the band enjoyed themselves as much as we did.

Anyway, thanks again for making our day all the bit more special and for taking some of the hassle out of organizing the wedding.

Best of luck for the future,

Andy and Catherine Brindle
