28 February, 2001

Dear Mr. Guest,

I am writing to say how really delighted we all were with Innovation at our daughter Pam's wedding reception on Saturday 24th February. They kept the party going with a real buzz and the dance floor was always full. All members of the band were so pleasant and charming, they had boundless energy all evening. Please pass our sincere thanks on to the band for such a top professional performance.

So many of our guests of all ages have told us how super they thought the band was and we are so pleased we made such a good choice!

Thank you and all your staff also for your most efficient organisation in helping to iron out any problems. We will certainly recommend both you and Innovation to anyone who asks.

We hope the band's journey home was not too bad considering the snow storm that suddenly appeared.

With very best wishes and thanks,

Angela Robottam
