Dear John,

I wanted to thank you for organising the band, "As Is" to play at our wedding on the 6th July. They truly were fantastic and exceeded all expectations. The choice of songs could not have been more appropriate and the dance floor was always overflowing with enthusiastic dancers. The singer was out of this world and the whole band really were incredible. I was highly impressed with their polite and professional

attitude and did not notice them at all
setting up during the meal.

I would be very grateful if you
could pass this letter onto them. I would
also like to thank your company. I
have been thoroughly impressed right from
the start and will certainly be
recommending you to all my friends.

Kind regards,

Philippa Gibson
